“Newforma was key to enabling BDP to achieve BIM Level 2 certification.”

BRE Level 2 Business Systems
 Certification Scheme
 Certificate Number BRE00001, 1A & 1B

Challenges?

- The UK government mandates public projects to be delivered to BIM Level 2 standard by 2016.

Results?

- BIM Level 2 project execution plans are managed with Newforma Action Items.
- BIM Level 2 Common Data Environments are deployed using Newforma Shared Folders, Document Control and Info Exchange web access.
- Model data is managed within Newforma software alongside other project data.
- In November 2014, BDP became the first company to be BIM Level 2 certified by BRE government standards auditors.
