PROJECT TYPES

Master Planning  
Infrastructure  
Building Design  
Construction Supervision

“We are entering a period of growth – more employees and larger projects with dispersed project teams. We need greater control of our project information and processes. Newforma has provided an integrated solution for this control.”

Public Prosecution Headquarters; Kuwait City, Kuwait

Challenges?

- Manage the rapid growth associated with several significant new project wins.

Results?

- Projects and project teams can be spun up quickly.
- Integration with project files, Outlook, Revit, and AutoCAD simplifies adoption.
- Info Exchange provides a professional, web-based collaboration platform for each project with minimal IT administration.
