Retail

“Whether the document is stored on-premises or in the cloud, Newforma has very powerful search capabilities that make finding documents super easy.”

Suning Chengdu Plaza; Chengdu, China

Challenges?

- Paper archives were expensive to store and took days to retrieve.
- Data entry mistakes in the archive log made information harder to find.

Results?

- Newforma indexes data stored on-premise or in the cloud for fast, thorough search results.
- Clients can get answers in minutes instead of days.
- The firm saves US \$140,000 in storage area network costs.
- The firm saves US \$50,000 a year in archiving fees.
