Residential	Transport
Hotels	Data Centre / Technology
Retail	Sciences
Offices	
Education	
Urban Regeneration	
Mixed Use	
Sports and Leisure	

“We’ve implemented Newforma software to handle the information explosion.”

Challenges?

- Shift from paper to electronic media.
- Communicate between team members onsite and in the office.

Results?

- Easy-to-use file-sharing function logs who downloaded what, when.
- Ability to compare different file types reveals differences.
- Desktop, web, and mobile users all work from a single, coordinated record.

20 Fenchurch Street; London, England
